# One of a kind

**"I'm a unique individual, with a unique personality. A leader, not a follower. My home reflects this. I insist on surrounding myself with fabrics and furnishings that reflect my personal taste and my attitude to life.**

**Flooring is crucial. It sets the tone as soon as you enter a room. I chose Krono Original® flooring. It has style, it was easy to lay and it's perfectly simple to care for. It ticks all my boxes."**

**Krono Original®. Floors that live up to your lifestyle.**

**[www.kronospan.co.uk/kronooriginal](http://www.kronospan.co.uk/kronooriginal)**

# Fashion at your feet

**We all know that you can never judge by appearances alone. So you'll appreciate the inner qualities of our flooring. Aquastop moisture protection and our easy to install clic systems are just two of the inherent strengths that can be found within the Krono Original® range. That's why it's everyone's favourite laminate flooring.**

## Guarantee

All Krono Original laminate floors are put through a series of rigorous tests in order to comply with international quality standards, which is why we give you an extensive guarantee with every product. You can rest assured that, whatever range you choose, it's going to be easy to maintain and will give you enjoyment for many years to come.

## Stain and imprint resistant

Whatever you might spill, be it red wine, oil or jam, don't panic; it can be easily removed. Krono Original is also abrasion resistant, robust and proven to be one of the most resistant floorings available, even heavy furniture won't leave an imprint (ideally, castors and furniture legs should be protected with felt pads).

## Multi Patent Indemnity

Enjoy 100% security with multiple patent protection! In addition to the Kronoflooring patents, this Multi Patent Indemnity certificate provides extensive protective rights for VÄLINGE INNOVATION AB International and UNILIN patents worldwide. This involves assured, unrestricted product use of the glue-free click system for the trade.

## Twin Clic

The Krono Original Twin clic system has been specifically designed to make fitting your laminate flooring as easy and hassle free as possible. With Twin clic, the self-aligning tongue and groove profile allows individual panels to be joined together quickly with minimal tools or complications.

## Top Clic

The long sides of the panels are locked into each other by simply placing them alongside one another and clicking in. The ends are also securely locked with a simple click. Stoneline only.

## 1clic2go

Our new 1clic2go system simply clicks together for easy installation, especially in hard to reach areas like radiators and doorways. To show that the panel has been correctly installed, you'll hear a click when the end section connects. High stability prevents joints from coming open.

# Cosmopolitan

From Krono Original comes a world of inspiring ideas. As one of the world leaders we constantly develop new floors and new ranges from beautifully reproduced natural wood grains to stunning representations of stone surfaces.

Laminate flooring from Krono Original has many faces: You can put together various styles using different colours and decors completely to suit your taste.
